

SAMPLE ASSESSMENT MATERIAL

UNIT 10 - EXPLORING HAND CARE AND NAIL ART

Sample assessment material - information for teachers

This assignment is provided as an example only. Consortia should produce their own assessments in line with the assessment section of the unit, based on their local delivery circumstances.

Overview

This assignment is based on the case study below. It is taken under controlled conditions, in which the learner will complete two tasks. The first is to complete 3 case studies to demonstrate different hand care and nail services and techniques. The second is to show knowledge and understanding of the work produced in Task 1. The learner may be able to complete the work for task 1 in any of the following settings: during work experience on models; in the classroom on peers or in a realistic learning environment on mannequin heads or in any setting that is appropriate for experiencing work related activities. The learner will be responsible for choosing their own format and style when producing the illustrated piece of written work for Task 2.

Time

It is expected that approximately 10 hours will be taken to complete the tasks.

Resources

Learners may require access to word processing software, and could also use presentation software for the tasks. The case studies may be completed in a range of establishments including the learner's own work placement, a salon in the local area or in the RLE in the centre. A teacher would need to be present to supervise and assess the practical work.

Supervision

Learners will need to be supervised when:

- completing the case studies
- producing the visual presentation.

Collaboration

Learners may collaborate to obtain information in order to complete the tasks.

The case studies and presentation are **not** suitable for collaborative work.

Marking

Please note that the descriptions in this assessment grid relate to the top of each band. Further guidance on using assessment grids is available in the assessment section of the specification.

Sample assessment material – information for learners

Assignment overview

For this assignment you are required to

- Complete 3 different case studies to show different hand care and nail services and techniques
- Produce a visual display, illustrated record or presentation.

Time

You will have up to 10 hours to complete the assessment.

Roles

Your teacher will mark your work and keep it for moderation purposes.

Assignment Brief

Nail it

'Nail it' is a successful city centre nail bar that employs six full time staff and offers a wide range of hand care and nail services. The clientele is varied and loyal and includes males and females of a range of ethnic backgrounds. The business has been open for four years and has increased its sales every year. The owner is keen to stick with this trend and has organised a marketing event.

You are working as a nail technician in 'Nail it' nail bar. You and the other staff are to hold an introductory evening for a new range of hand care products and a bespoke range of nail art designs. The evening will consist of a short presentation to existing and prospective clients and will include some free treatments which will demonstrate the new product lines.

Task 1 - 43 marks covering outcomes 5 and 6

You will demonstrate a minimum of three different hand care and nail techniques to showcase to existing and prospective clients. You will document these case studies via the use of consultation sheets and review paperwork (you may wish to use the consultation sheets provided in unit 2.5 to guide you).

Your work will show how the following factors have influenced your hand care and nail techniques – the clients' personality, culture, race, gender and religion and also show how fashion trends have impacted on your choices. You will show how the service reflects the occasion - such as wedding, fashion or party.

It is expected that you will assess your own work and document this making recommendations for future improvements.

When working on models and producing any written work, it is expected that you use the relevant industry terminology and communicate in a professional manner.

Task 2 – 17 marks covering outcomes 1, 2, 3 and 4

Individually you will produce a visual presentation to show your knowledge and understanding of the following. This will be used during the introductory evening.

- a) The range and benefits of professional nail services available in the UK and the key factors that have contributed to the growth of the nail industry in the UK.
- b) How the listed factors can be expressed through the use of hand care and nail art techniques:
 - i. personality
 - ii. culture
 - iii. race
 - iv. gender
 - v. fashion
 - vi. religion
- c) Different hand care, polish applications and nail art techniques
- d) The critical factors that limit or prevent services and how to deal with them
- e) The advantages and disadvantages of different nail shapes
- f) The purpose, benefits and safe use of all the products you used during Task 1
- g) The purpose, benefits and safe use of all the tools and equipment you used during Task 1
- h) The purpose, benefits and safe use of all the treatments you used during Task 1
- i) How to follow health, safety, legal and salon requirements when preparing and carrying out hand care and nail services.
