CATS CATTERY

Centre 11111 Feasibility Study

Purpose

2

- Investigate the way bookings are made at Cats Cattery
- To propose a solution to the current problems

A Another Centre 11111

Current Problems

3

- Overbookings
- Repeated data
- Cannot plan resources / stock
- Poor professional image
- Inefficient record keeping

A Another Centre 11111

Proposed Solution

4

- A database system created in Microsoft Access™

A Another Centre 11111

Benefits

5

- Reduction in double bookings
- More professional image to customers
- Efficient planning of resources
- Increased income

A Another Centre 11111

Risks

6

- Staff skills may need to be upgraded
 - Increased cost involved
- Hardware failure
 - Unable to take bookings
 - Customer dissatisfaction

A Another Centre 11111

Recommendation

7

- To upgrade to Microsoft Access 2007™
- To commission a database created in Microsoft Access 2007™
